

TOTAL MORTGAGE INFORMATION LOG

WHAT'S HAPPENING?

WHEN?

WHY?

The Ignite Total Mortgage Information (TMI) Log is everything you ever wanted to know about a loan. It allows users to communicate with each other without ever opening a loan file. Users can search, post comments, & request follow-ups from a given role within the loan. The TMI provides a simple user interface that allows for sorting and filtering notes and comments. Once a comment is posted, users can update the status as a means of communicating that a comment has been acknowledged or responded to. Status updates & alerts indicate when a response is needed & all without ever entering a loan.
